Terrorism vs God

Terrorism in the dictionary means systematic covert warfare to produce terror for political coercion. After the catastrophic event of 911, our entire nation is in complete disarray. Terror is now, a real concern in the minds of all the people living in this great nation. Last month I had an opportunity to visit ground zero. What an eye opener that was to see what was once a symbol of one of our countries greatest architectural masterpieces, and now just a tragic memory. As I stood there, I got such a sense of sadness when I tried to recall all the tragedy and mayhem that has been manifested through that unrealistic moment in time. Also a sense of how fragile and vulnerable our country is at this time. The soul purpose of these evil minded individuals, is to destroy our way of life. Also to take away our freedoms and place this nation in bondage. Another goal for these secular minded people, is to economically destroy our economy, and bring us into third world status. After examining all the particulars with respect to all reason, it is plain to see what the real motives are. The real motives are the same motives that date back to the beginning of time, and that is jealousy, greed, and pride. These are the same things that we all struggle with in this country. Everyday as soon as we leave the sanctuary of our home, we are confronted with danger. It seems like we are surrounded by all types of pit vipers. There seems to be no end in site. The horror stories surface, on a daily basis. Well my friends there is a place of refuge through the storm, and that is to bring all your troubles and burdens to the Lord. Let him be your calm, in the midst of all your troubles. The Lord says in the book of Psalms 37:1-4 Never envy the wicked ! Soon they fade away like grass and disappear. Trust in the Lord instead. Be kind and good to others; then you will live safely here in the land and prosper, feeding in safety. Be delighted in the Lord. Then he will give you all your heart's desires. Well my friends fear not, for God is in control always and forever. Also try not to waste your time thinking about terrorism for the

Lord said it will fade away like grass and disappear. May God bless and watch over you and your family always !
